TRIED, TESTED, TRUSTED

"The product **fits our site perfectly**. I wouldn't hesitate to **recommend** it to other developments".

Barratt David Wilson Homes

SOSEC SIDE is the simple, quick and secure answer to temporary pedestrian site access. Built with the same off-grid, rugged, tried and tested quality as the SOSEC range, secure pedestrian gated access to your site just got SOSEC solidity and simplicity.

SOSEC SIDE is a simple, self-closing, coded access pedestrian gate designed to be installed into any security fence compound. Delivered to site ready to fit – securing your site access and egress points.

SELF CLOSING - Fully adjustable, hydraulic damped, closing.

LOCKED - Secure and solid latching pedestrian gate.

CODED ACCESS - Coded entry to your site with free exit.

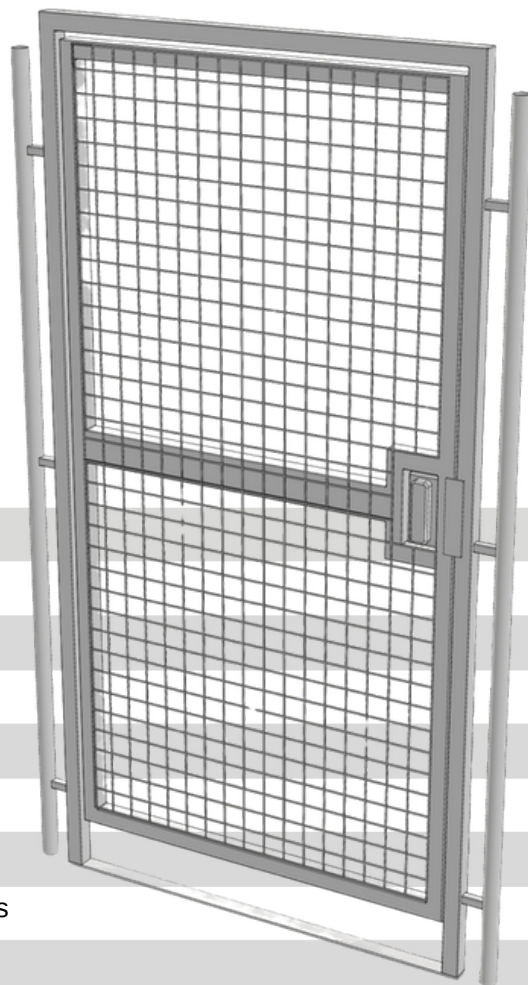

3 HINGES - Built to the highest safety standards.

'HERAS' READY - Clamp into any temporary security fencing.

2 MAN LIFT - Minimal installation.
